

## **Archive Coordinator report – Fall Assembly 10/25/25**

### **Archives Project (bequest) update:**

Correspondence and reports from the 1950s and 1960s are being organized, in chronological order, into binders. Materials from the 1970s-1990s will be organized in file drawers by topics. We have unearthed an extensive file of meeting list books from the late 1950s forward and have set aside some that groups can request to see for their own research. We are still several months away from the steps to finally organize everything. Volunteers are still welcome to help. [archives@alanonma.org](mailto:archives@alanonma.org)

### **Display and Workshop at the AA Convention with AI-Anon/Alateen participation:**

If you attend this convention Nov 15<sup>th</sup>, please visit the AA Archives room where there will be a table of AI-Anon information about our participation in early conventions. The workshop – at 11am – will provide an opportunity to compare the focus of some early AI-Anon experiences with current meeting and fellowship activities.

### **Coordinating members within our Area:**

Recognizing that each District has both new and seasoned members that are interested in our history, it is important that many voices be heard. Is there someone in your Group / District who would be willing to be a contact person to encourage the gathering of your local history? I would welcome emails or calls from members interested in this type of service. [archives@alanonma.org](mailto:archives@alanonma.org)

### **What do you want future members of AI-Anon/Alateen to know about your experiences during the early 21st century?**

Please visit the Archive table at the Assembly to pick up some flyers to share with your group. This continues our efforts to gather a wide range of shares to document how we are living our Legacies and bringing them to the future.

Also at the Archives table you can pick up a copy of

"Love in Service - AI-Anon in Massachusetts 1949-2015"  
(still available at our LDC for \$10. plus, P&H)

**On our journey in service and recovery,**

**Joan S., Archives Coordinator**
