

Convention Report

Fall Assembly 10/25/25

The 2026 Convention Committee had its first meeting on Sunday, September 14.

The theme was voted on, and “**Growing our Recovery**” was voted as the 2026 theme.

Our meeting schedule will be the second Sunday for Ad-Hoc/Special Focus meetings and the fourth is the general committee.

We still have some spots to fill on the committee and are reaching out to our fellowship and our HP. All committee members were asked to speak to their GR's and for both to be recruiters for service; if you know someone who would be great on a committee, please encourage them to volunteer.

We are getting a group together to visit the hotel as soon as we can, to get an idea of the space.

The big message is “Don't panic. Enjoy the positions, be creative and bring things to the job that are meaningful to you.”

In Service,

Skye J.

Worcester, MA
